PEN ARGYL AREA SCHOOL DISTRICT

AUTHORIZATION FOR MEDICATION DURING SCHOOL HOURS

Dear Parent/Legal Guardian:

Continued concern for the health and safety of your child in the Pen Argyl Area School District has prompted a change in the medication distribution policy and procedure. If your child needs to take medication in school, prescription or *over-the counter, the procedure is as follows:

As a provided service, medication including over-the-counter medication will be administered to students in the regular school setting and only in circumstances when the child's health may be jeopardized without it. **Written authorization**, signed by the physician, psychiatrist, or dentist and the parent or legal guardian must be provided for each separate prescription or medication being administered to each student. If dosage is changed, new written authorization from the doctor and parent or guardian is required. Authorization will terminate with the expiration date of the prescription or at the end of the school year, whichever occurs first. If the medication is discontinued, the doctor must notify the school nurse in writing.

Medication must be delivered to the school nurse by the parent, legal guardian, or authorized adult designee in the original medication container and in an amount not to exceed a 20-school day supply. Students are not to have medication in their possession at any time per school district drug and alcohol policy (except physician authorized self-administered inhalant medications for **high school students only**).

Medication sent to school in violation of this policy will not be administered to a student.

*Over-the-counter: Does not apply to cough drops, but does include aspirin, Tylenol, Ibuprofen, and antacids, etc., in which case a one school year standing order from the child's personal physician will be accepted.

AS PER THE PEN ARGYL AREA SCHOOL DISTRICT PROCEDURES FOR FIRST AID AND MEDICATION

Persons administering the medication will destroy unused medication not picked up by a parent or guardian within five (5) calendar days following the termination date contained in written instruction.
